Rank

3            1            7            2            9            4            5            10            7            6

### "Results" Explained

Final series is scored out of **100** points

If the World Series winner/series leader is predicted correctly, **50** points are awarded, and the word "Right!" appears

Up to **50** more points are awarded for how close the predicted score is to the actual series score
