"Results" Explained

Each group is scored out of 12 points
If the group is predicted in the correct order, 12 points are awarded, and the word "Right!" appears
3 points are taken off the score for each position incorrect in the order.

Each Wild Card Qualifier identified correctly is worth 2 points
The top two teams in each group and the four best third-place teams (wild cards) qualify for the Quarter-final round--having the most correct earns 10 bonus points
Having the most groups completely correct earns 10 bonus points.
